9 1/2"	2	Cross piece – watch / wallet
9 1/4"	2	Cross piece – belts
8 1/2"	1	Watch / wallet cell dividers
8 1/4"	2	Watch / wallet cell dividers
7 1/2"	1	Cross piece – perfume
All strips 1/4" (6 mm) thick × 2 1/2" (65 mm) high · total ≈ 15 ft running length		

NOTES FOR CARPENTER

- MEASURE FIRST: confirm the drawer's clear inside size is 38" × 17". If it differs, keep every cell size above and absorb the difference in the Perfume bay (width) and the Daily drop tray (depth) — those are the only two flexible compartments.
- Dividers: 6 mm plywood / MDF with white laminate or edge-banding to match the drawer (or 4–5 mm acrylic). Height 65 mm — keep ≥ 25 mm clear under the drawer above.
- Joints: where two dividers cross, cut half-depth slots (egg-crate / halving joint) so the grid drops in as one removable unit. Cut each piece ~1 mm short for easy fit.
- Lining: glue 2–3 mm velvet / suede sheet on the drawer base (like the sample photo) so watches, perfume and jewellery don't scratch or slide.
- Watch cells: soft pillows, 3" long × 2" dia (foam rolled in the same fabric), lying front-to-back in each 3" × 4" cell.
- Perfume: check tallest bottle vs. drawer inside height before finalising — tall bottles can lie on their side in the perfume bay.
